

Class 8 Science Term II Sample Paper Set II

Time allowed: **3 hours**; Maximum marks: **75**

General Instructions:

- All Questions are compulsory
- The Question Paper consists of 27 Questions divided in to four sections A, B, C and D
- Section - A comprises of 3 Very Short Questions of 1 mark each
- Section - B comprises of 3 Short Questions I of 2 marks each
- Section - C comprises of 12 Short Questions II of 3 marks each
- Section - D comprises of 6 Long Questions of 5 marks each

Section - A

- Visually challenged persons can read and write by using _____ system?
- State the purpose of tester in electric circuits?
- State the laws of reflection?

Section - B

- Define earthing and its importance.
- Which part of human body vibrates to produce sound (our voice)?
- Give an example to show that friction increases if the two surfaces are pressed harder?

Section -C

- Write in short about
Ursa Major
Orion
- Differentiate between moon and stars?
- Discuss the reasons for the increase in the quantity of carbon dioxide in air?
- Define light .Discuss its importance?
- Describe greenhouse effects?
- What are the ways to charge a body?
- Explain why it is difficult to move on wet floor?
- State True or False.
 - Force per unit area is called pressure.
 - Solids and liquids exert pressure on the walls of their container.
 - Force has only magnitude.
- How is sound produced?
- Define the terms
 - Adolescence and
 - Puberty.
- Explain solar system along with the sketch of the same?
- Refractive index of glass is 2.0 and that of water is 1.0. If the speed of light in water is 2.5×10^8 m/s. What is the speed of light in glass?

Section - D

- Adolescence is also a period of change in a person's way of thinking. Justify the statement?
- Justify that the liquids and gases exert pressure on the walls of container in all direction?
- An echo returned in 4 s. What is the distance of the reflecting surface from the source, given that the speed of sound is 320 m s^{-1} ?

Class 8 Science Term II Sample Paper Set II

22. Write the characteristics of ideal fuel and give some examples?
23. Differentiate between kharif and rabi crops?
24. Explain all the tools used for agricultural activities?
